

Distance per condition (n=19-30 seeds)

$\lambda = 0$ (distance only) $\lambda = 1$ (distance $\times$ (1 - drag))

Dragging % per condition (n=19-30 seeds)

$\lambda = 0$ (distance only) $\lambda = 1$ (distance $\times$ (1 - drag))

Effective Movement per condition (n=19-30 seeds)

$\lambda = 0$ (distance only) $\lambda = 1$ (distance $\times$ (1 - drag))
